The Foundation for Hospital Art's "Healing of Art" concept has united over 1,000,000 volunteers and patients to create over 44,000 paintings for over 4,000 hospitals in 195 countries. We welcome your love and support in our mission of compassion through art.

Please help us add to the list and continue our mission to brighten more hospitals by being part of a PaintFest event or donating a completed PaintFest Kit to your neighborhood hospital. Do you know of a hospital in need of art? We frequently have completed paintings that have not been designated for a specific hospital. Please contact us for more information or to recommend a hospital to receive a donated painting.
St. Mary's Hospital, San Francisco
