

HOW TO VOLUNTEER VIRTUALLY

MAKE AN IMPACT WITH THE FOUNDATION
FOR HOSPITAL ART WHILE SOCIAL DISTANCING

01

ORDER ONLINE

Select from three options:

PaintFest® Kits

PaintFest® Patient Packs

HeART Boards

02

PAINT FROM ANYWHERE

Divide supplies among one to six people. Paint socially-distanced or connect on a video conference to participate together. Follow the easy paint-by-color setup to create a colorful gift for those in need of a smile.

03

DONATE TO A HOSPITAL, HEALTHCARE WORKER OR PATIENT

Bring joy and hope by giving your HeART boards to healthcare workers and patients in your community and donating your completed PaintFest Kit mural to a healthcare facility to hang on their walls and brighten their space.

Together, we will brighten the world.
Contact FFHA for more information.

PaintFest® Kits are sets of six canvases with a pre-drawn design outline and color-code. The six canvases can be separated and painted by volunteers individually. Once complete, they will be sent back to the Foundation studio where they are touched up, put back together to create one large mural, and donated to a hospital or healthcare facility.

Each kit includes 6 pre-drawn canvases, art supplies and instructions (for shipments within the United States there will also be a prepaid UPS return label included).

Introducing the newest addition to our lineup: **HeART Boards™**. Designed for up to six people (one hour per person), HeART Boards are six 9"x12" canvas boards with pre-printed and color-coded designs and include all art supplies, table protectors, and aprons.

The healthcare worker set is meant to honor and pay tribute to our healthcare heroes on the front lines. The patient set is designed to uplift and comfort patients in hospitals everywhere.

Contact FFHA for options to ship direct to individual participant locations. Virtual intros or facilitation available for large groups.
